All payment invoices are up to date and we are in good standing. Finance Director Errol Bartley also stated that we have spent largely on motor vehicle repairs and maintenance, which is line item number 5600, we budgeted \$85,000, and today we roughly have \$14,000.00. Director of Finance Errol Bartley also stated that, we had a Webster Bank Account prior to the present Commissioners that was in dormancy, we were not able to transact on the account because we had no current signers on the account. However, we were able to withdraw the total balance of \$2,137.00 and deposited at Wells Fargo Bank, in our Checking Account. Getting information about this account from Webster Bank was very challenging. Thanks to Finance Director Errol Bartley and Clerk Donna Banks, who was able to send a letter to Webster Bank at which time, Webster Bank honored the request and closed the account. Commissioner Massey-Greene wanted to know when was the account closed and Finance Director Errol Bartley stated the last week of January. During the Fire Chief House report, Commissioner Massey-Greene asked Chief Jones; Who's actually is suppose to be doing the Training Report, is it him? Fire Chief Jones replied that it should be the Training Officer, but he's not here and that he (Chief Jones) knows what going on so he can report on it as well. There were no further questions.

Community Outreach Report

LT Vincent Jaunai, Community Outreach Officer, stated that we had a young man who was part of our internship program, his name is Sean Dixon and LT. Jaunai wanted to proudly say that Sean Dixon set the record in the Long Jump Track and Field Championship Meet (it was in the Bloomfield Messenger) and is now considered the BEST in the State. Lt. Jaunai also gave an update on some of the other interns that participated in the program; Jillian Mars is attending University of DC, Ryan Greene is at UCONN, one of our interns is also down at Eastern and LT Jaunai stated that all the interns are doing extremely well and that he is proud to say so. LT Jaunai also mentioned that Celebrate Bloomfield meeting is next week and that the Community Outreach Team is working alongside them as they will be hosting their event the first week of June. Commissioner Massey-Greene asked if there were any questions. There were no questions or further discussions.

Department Concerns/Good and Welfare

Commissioner Jacqueline Massey-Greene asked if there were any Department Concerns/Good and Welfare.

Commissioner Ariel Marzouca-Jaunai stated that she wants to address her concern directly to Steve Goode, Hartford Courant and Len Besthoff, NBC Connecticut. Last month there was a vote in reference to who should be the Chair - both of you have been here for at least 3 years, Commissioner Ariel Marzouca-Jaunai stated that you people have investigated, dug in, there's nothing, you people have researched, there's nothing, you people have reported things that happen in the past, fine, that's ok, freedom of speech. When you people come in, you need to do your jobs, you have to be fair, you just cannot come after me, and you just cannot want to take my family and me down. Commissioner Ariel Marzouca-Jaunai also stated that last month (Mr. Besthoff, you wasn't here), but you were Mr. Goode, there was a motion made from Commissioner Manson for Commissioner Massey-Greene to be the Chair and you knew it was not on the agenda. (Mr. Goode stated he didn't) Commissioner Ariel Marzouca-Jaunai stated he did know that it was not an agenda. Commissioner Marzouca-Jaunai also stated if it was her who had made the illegal motion and vote, they would have filed a case against me with FOI

and Attorney Pat McHale (District Attorney) would have been called and her name would be all over the paper and on Facebook and it is unfair. If you are here to do a job, you must be fair, not because Commissioner Manson is your friend (Len Besthoff), there should be no friend here, we are the Board of Fire Commission and everyone should be treated the same, you (Len Besthoff, NBC and Steve Good, Hartford Courant) cannot pick and choose who should be penalized for their mistakes. Commissioner Ariel Marzouca-Jaunai stated that Len Besthoff and Steve Goode wants to take her down for absolutely no reason. Commissioner Jacqueline Massey-Greene asked Commissioner Ariel Marzouca-Jaunai, when she took over as Chair from Tanya Farmer, it wasn't on the agenda, Commissioner Ariel Marzouca state that it was on the agenda and Commissioner Massey-Greene needs to go back and look at the agenda for herself. Commissioner Ariel Marzouca-Jaunai also stated that if an item is not on the agenda, a motion must be made to add it to the agenda.

Citizens Statements/Concerns

Barbara Taylor mentioned to Commissioner Mark Manson that when he was campaigning to become Commissioner, he stated that he was here for the firefighters and wanted to replace the board outside, it's been almost 2 years and the board haven't been replace, so what have you done for the firefighters and the fire department? Commissioner Mark Manson stated, well it not necessary himself and one of the biggest thing that he have done was that he bought a person in that could do grants and stated that we can't do anything without money, so anything that he does or anything that he purposed cost money. Commissioner Mark Manson stated that he can't do it by himself, and stated that he brought this person in from Waterbury that could do grants and the guy stated that he actually was going to charge us and again Commissioner Mark Manson stated that he can't do anything by himself, he also stated, one other thing, that he's always here for the volunteers and he stated in the beginning he asked them what were some of their concerns, what are their needs and no one said anything to him so he couldn't just go and do things when no one is telling him what their issues are. Barbara Taylor also asked Commissioner Mark Manson if he had done any research to replace the Billboard? Commissioner Mark Manson stated, no, but there was some research done, but right now that cost money and when LT. Jaunai was looking at it, it was like \$23,000. Commissioner Mark Manson stated that something came up about the boards from the town that was bought to his attention, but he did not have the chance to look into that yet, as far as the board is concern, it is a lot of money and he thought it was going to be easy. LT Vincent Jaunai stated that the boards that the town has were sent back to the company to be refurbished and resold. Commissioner Jacqueline Massey-Greene stated that, it was not that Commissioner Mark Manson did not look into it- he did research it.

Kesone Tefler stated that she had a question for Commissioner Mark Manson and wanted to piggyback on something that he had said. Commissioner Mark Manson you stated that you couldn't do it by yourself, who are you looking for to help you, is it the team not agreeing with

you. Commissioner Mark Manson stated that he did not say that he could not do it by himself. Kesone Tefler again repeated what Commissioner Mark Manson had said (that he cannot do it by himself) and the question is – is it that the team is not working together with you to get it done or is it just that the finances are not there. Commissioner Manson stated that when he came in he's constantly asking people what are their concerns, what are their issues and no one is coming up with anything. Kesone Tefler stated that she is not talking about the volunteers, she's talking about the comment that you said that you can't do it by yourself. Commissioner Mark Manson again stated that he did not say that he couldn't do it by himself. Kenson Tefler waited for an answer and asked Commissioner Mark Manson is he going to ignore her, Commissioner Mark Manson stated yes, yes and he asked Commissioner Massey-Greene to move on to the next item on the agenda. Kenson Tefler, stated ok. Ed Garcia wanted to know from Commissioner Jacqueline Massey-Greene what was the status on the bylaws and stated that the other side of town don't have bylaws either and Blue Hills Fire Commissioners will be the first. Commissioner Jacqueline Massey-Greene stated that the bylaws are in motion and she had a meeting scheduled which was supposed to be the week before last and stated that she'll take the blame that she didn't send the agenda to the Clerk Banks. Commissioner Massey-Greene also stated that she e-mailed the Clerk and also cc'd Steve Goode and the Attorney to post it on the board, when she got to the meeting, there was no agenda, so the meeting had to be cancelled. Commissioner Massey-Greene also stated that she spoke to the Attorney and he stated that the Clerk knows how to write the agenda and it was her job, that's what we pay her to do. Commissioner Massey-Greene stated that she is setting up a date, working with the Attorney, trying to get one for next week the 12th because he is going away the 13th; Commissioner Massey-Greene stated that she is going to call him tomorrow/Thursday to ask him if he is available. Ed Garcia also asked Commissioner Jacqueline Massey-Greene if she's going to make the date available as he's offering to help with the bylaws and wanted to know who's going to take care of the agenda and send it out. Commissioner Jacqueline Massey-Greene asked Ed Garcia for his e-mail.

Commissioner Ariel Marzouca-Jaunai stated that she would like to clear something up and stated that Clerk Banks never received an agenda, as she was on the e-mail that Commissioner Massey-Greene sent out, there was no agenda. Commissioner Ariel Marzouca-Jaunai stated that what she received as an e-mail that says, post the meeting notice on the outside boards and that is what Clerk Banks did. The Clerk cannot make up the agenda, the Chair of the meeting is responsible for making their own agenda, then email it to the Clerk to post and make copies for the meeting, the Clerk don't know what the Chair wants to talk about, Commissioner Ariel Marouca-Jaunai stated that she just wanted to be clear about that.

Ed Garcia asked Commissioner Jacqueline Massey-Greene what role the Attorney is going to play regarding the bylaws, because Attorneys like to run up bills. Commissioner Jacqueline Massey-Greene stated that he has been the Attorney for the district for all these years, so it's

the same bill and now that she's the Chair she's going to use him to make sure it's written properly and we're not going to sit at the table and make up stuff.

Finance Director Errol Bartley stated that we were brainstorming and we had 3 or 4 meetings before and during that time we reached a certain place and with that said to get the Attorney to come in during this process, it's going to cost per hour and we didn't budget for that kind of thing to have the Attorney come in for every meeting, we can continue to meet and brainstorm or whatever and when we reach a certain place give it to the Attorney, the meeting now are just brainstorming meetings. Commissioner Jacqueline Massey-Greene stated that she will set a date. Ed Garcia stated that he definitely wants to be notified.
